Prof. Nassar is an incredible professor. What I really love most about him is that he really cares. He really cares about the students and wants everyone to do well. He was always available for help, easy to talk to and was very enthusiastic about teaching physics. Because of him, physics 6A was enjoyable. He was the sole reason that I was able to understand physics. He is very fair and as I said before, does whatever he can to help improve the students understanding of physics. He is awesome, he is great, one of the best instructors that I have ever had. Just the fact that he really cares makes a tremendous difference. I am highly satisfied and would highly recommend him. He deserves a place in the pantheon of great instructors. I give Prof. Nassar an A+.

NOTE: Each year, the Academic Senate Committee on Teaching gives awards to outstanding faculty and teaching assistants. If you wish to nominate an instructor or teaching assistant for such an award, please contact the instructor's department.

I am so grateful to have been in Professor Nassar's class. I have never taken Physics before and am so glad to have had an instructor who obviously cares so much about the students. He put so much emphasis on learning and understanding the material instead of encouraging stifling competition and a battle for points. It was so refreshing! He is the best professor I've ever had at UCLA. Give him a raise!

Best teacher I've had at UCLA! He was enthusiastic, taught in a way that was very easy to understand, and strongly emphasized his desire to help students (always available whether it be through office hours or email). His lectures, with review, ~~and~~ lecture slides/presentations, ~~and~~ interesting demos, and entertaining songs made the class fun and clear. Dr. Nassar is amazing!!!
